Health Data Library Informatics Virtual Office Hours

HOSTS: Christy Navarro, MSc
Health Library Informaticist
Blaisdell Medical Library

Sam Morley, MSc
Informatics Program Manager
IT Health Informatics

DATES: 1st Friday of the Month
June 5, 2020
Holiday - July 3, 2020 – No office hours
August 7, 2020
September 4, 2020

TIME: 12 to 2 p.m.

PLACE: https://ucdavis.zoom.us/j/596870816

If you have questions about research data or research data management drop by to talk with your Health Library Informaticist. No registration is required.

ZOOM DROP-INS WELCOME

GET HELP ON THE FOLLOWING:
• How do I access health data for research at UC Davis?
• How can I improve the data management plan for my project?
• Where can I find open health data sources related to my research or quality improvement topic?
• Are there technology tools available to me for my research project (e.g. data cleaning and data visualizations)?
• How do I ensure my research project meets FAIR (findable, accessible, interoperable, reusable) principles for scientific data management and stewardship?

Sending your question(s) ahead of time is strongly encouraged and can be emailed to bmlref@ucdavis.edu

The UC Davis CTSC is supported by award TR001860 from the NIH National Center for Advancing Translational Sciences.
