

Film Viewing Q&A Session *with* Dr. Willenbring

The Animal Models of Infectious Disease training program cordially invites you to a screening of "Picture a Scientist", a Tribeca Film Festival selection that examines gender and racial bias in STEM fields. The screening will be followed by a Q&A session with Dr. Willenbring, one of the scientists featured in the film.

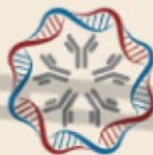

Film viewing will be available from **10/30/20 - 11/2/20** followed by a Q&A session with Dr. Willenbring on **11/4/20**.

Registration is required for this webinar:
